

# IS DMIT NECESSARY?

Our careers take up an important part of our time. We actually spend the majority of our time at work, which we sometimes enjoy and sometimes despise. Choosing an unsuitable career means losing satisfaction, but most of us realize this much later in life, when we can probably do nothing about it.

## WHAT IS DMIT?

DMIT stands for **Dermatoglyphics Multiple Intelligence Test**. DMIT is an analysis of fingerprints based on scientific study. The test provides a comprehensive report that highlights the areas of strength, suggesting suitable career streams based on the aptitudes and interests.

## BENEFITS OF DMIT

- Accurately understand one's multiple intelligences, strengths and weaknesses, and the most effective learning style.
- Unbiased towards cultural background.
- Reliable genetic information as fingerprints never changes.
- Reveals your IQ, AQ, CQ, EQ.
- Helps to Identify Inborn intelligence & interests.
- Provides overall information to discover and choose the right career path.
- Improve Parent-Child Relationship
